

Super Steppers Performed

Wed Wave 19 Apr 1989

Kelly Daybell

On April 1, Kelly Daybell, from St. George, participated with the Super Steppers Jr. Drill Team for

the Miss Drill Team USA Pageant. The show was held at the Los Angeles Sports Arena. More than 6,000 girls entered the forum to perform that evening.

The Super Steppers are an internationally acclaimed Jr. Drill Team with about 150 girls ranging in ages from 5 to 15. They have traveled to Japan for the last two years, and they have performed at the half time shows of many L.A. Lakers games. They have performed at NLVU of Las Vegas half time shows also. They also have performed at many county parades and functions throughout the state. The Rotary Bowl held in December of each year is one of the biggest performances they do.

On April 2, the Super Stepper performed at the L.A. Forum for a game between the Lakers and the Milwaukee Bucks. This was a great experience for the girls, and they were received well.

It is not just the glamour and spectacle of Miss Dance Drill Team USA Pageant, which draws thousands of girls from across the nation to Southern California each year. It is their keen interest in the Pep Arts, their eagerness to study the methods and skills from other areas and a real determination to

bring recognition to their schools and states. The trip is the most perfect experience a young girl could have. It appeals to every girl who has ever marched or danced or twirled or cheered.

Kelly was accompanied by her parents, LaVar and Dixie, her brothers, Shane and Brandin, and her little sister Kilee. But most of all she had her grandparents Dan and Jeanine McKenzie accompany her.

Kelly is a former resident of Heber City. She took dance lessons from Kara Lynne Farr for five years. She also took drill from Lynette Christenson of the Fantatics. Thanks to those two instructors, Kelly will go far in her performances. She misses them both very much. A special thanks to Ilene Hacker, who is her instructor now, for all the hard work she does for the Super Steppers.

To conclude the trip to L.A., Kelly and her family visited many places. One of the most exciting was Disneyland, where all the Super Steppers and their families rounded out their stay and visit to the California sunshine.

They can't wait for next year so they can go again.

Winner of State Dance Competition

Jeanette Croushore

Jeannette Croushore, of Heber City, is the daughter of Mr. and Mrs. Ellis Muir, and Frederick Croushore, Great Falls, MT. A

22 Mar 1989
National Dance Competition at Ogden April 7 and 8, where she will be competing against girls her grade from all over the United States.

Music To Be Medium For Teenage Discussions

Wasatch Middle and High School students will be encouraged to consider such subjects as staying in school, career planning, and coping with stress and grades, through a new "Schools With Music"™ program, beginning this spring.

Junior and senior high school educators nationwide helped design the unique new educational program which uses music to help enlighten students, on their terms, on subjects that concern them as well as parents and educators.

Each student will receive a 12-page handbook discussing pertinent

topics, and containing interesting music trivia facts and a music trivia quiz. Students will also be able to enter a "Create A Tune" contest, in which they will be able to express their thoughts on the issues through music. Cash prizes will be awarded to those submitting winning music videos, written or recorded songs, and to their schools.

The program is provided through Sampling Corporation of America and is sponsored by Caramello®. All materials are provided to the schools without charge and students will be given free trial-sized Caramello® bars.

dress and spoke to the judges. This was a challenge for each of the contestants, but each girl did a wonderful job. Also that night, each contestant performed a two minute dance in front of the judges and a large audience. Many of the girls choreographed their own dances.

The night was full of fun and excitement. Each girl did their very best. All the girls were winners and confidence grew that they can use a lifetime.

Sr. Division: queen, Elizebeth Pugh; first attendant, Marla Bunker, and second attendant, Brendette Sweat.
